

Simonds Stadium Geelong

Simonds Stadium is the home of the Geelong Cats AFL side and has been a significant regional community asset for the City of Greater Geelong for almost 75 years. Whilst the Stadium is best known for its AFL match day usage, the Stadium is a truly multi-purpose venue with its diverse facilities being used for a range of elite and community level sports and events.

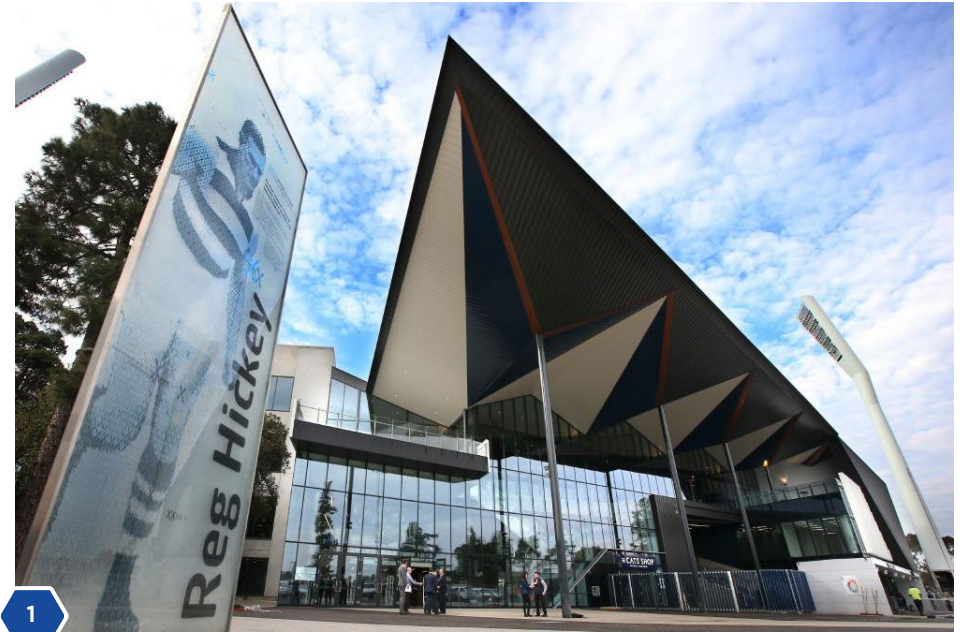

SKS Technologies carried out the audio visual, MATV, public address, digital signage and broadcast services works for the Stage 4 redevelopment. These works included some of the below areas:

- Large, multi-purpose function rooms comprised of 5 spaces that can be used individually or combined into a 1000 person space
- Expanded MATV and Foxtel system servicing over 150 endpoints
- New facilities and cabling for the media and broadcasters including the AFL

- Stadium public address facilities and control room for AFL, VFL and community events
- SmartSign Digital signage systems for easy deployment and control of in house media
- Gymnasium and cardio area that is the largest in the city, about three times the size of the club's existing gym
- Match Committee room used by senior coaching staff for review and planning of games
- Auditorium for GFC and public hire
- 10 high profile suites for game day events and external hire
- Numerous meeting and office spaces
- Coaches box and interchange bench communication system
- Radio boxes, press faculties and event production room
- Central control via Crestron network
